

# Write in Jessica Wagner for District 13

I don't feel my values have been represented in California government.

**I am a fierce defender of the constitution and am actively suing this administration over their overreaching policies.**

I believe in limited government and transparency. I have 0 big donors and no bill boards so help me do something unprecedented. Challenge corporate corruption and write my name in!

I am a regular citizen.

I am a Christian, a wife, a mother, a teacher.

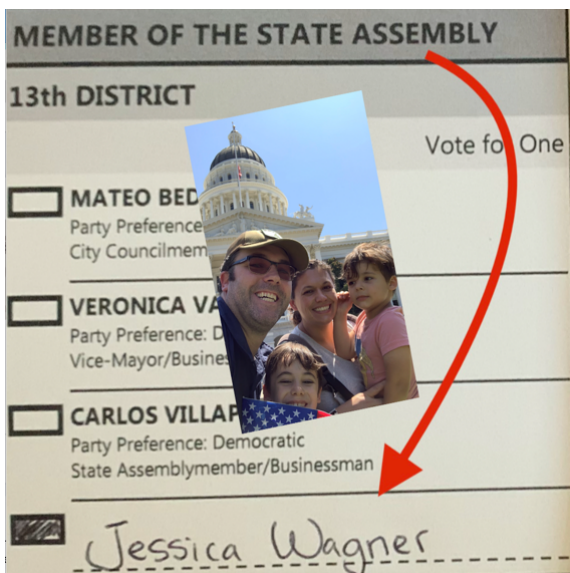

I lost my income over mandates. I am a fighter.

You are not alone.

Mama bears hold the line.
